TWO CRUISERS AT LA GUAYRA.

Ships of the Kaiser in Position to Collect Claims of Germans.

Caracas (Venezuela), Dec. 2.—The German cruisers Vineta and Falke have arrived at La Guayra from Curacao.

Berlin Dec. 2.—The published statement that Germany's claims against Venezuela amount to \$15,000,000 is, the correspondent of the Associated Press is officially informed, incorrect. While the German Government is not yet ready to publish the details of its demands, persons who have seen the papers say the total is about \$2,000,000. President Castro represents to Germany that Venezuela has little credit abroad; that the country is just emerging from a civil war during which planting and industry were partially ruined, and that, therefore, no matter how much Venezuela may desire to satisfy immediately the claims against her, it is obviously impossible. Hence, an agreement on the subject must provide for deferred payments. The seizure of the custom-houses, thereby depriving the Government of an important means to administer the country, would add to the internal distress and disorder.

While President Castro's proposals are not disclosed, there is reason to believe that they include the emission of bonds at a moderately high rate of interest with some sort of a guarantee that if the interest or the installments of the principal are defaulted certain Venezuelan custom-houses may be taken over by Germany.

Nothing is known here of the plans of Isaac N. Seligman of New York for floating a Venezuelan loan. He has not approached this Government in the matter.

There is no disposition here to proceed with harsh measures toward Venezuela if milder ones will suffice to exact satisfaction, but the German Government is fully committed to the intention to obtain ample satisfaction. The claimants are constantly urging the Government to press the collection of the amounts due them, not only because of the sums involved, but, it is represented, in view of the fact that the long delay has rendered the position of Germans in Venezuela more and more vexatious. Therefore, it is claimed, the Government must strike, and strike hard, in order to properly assert the rights of Germans.

OFFICIAL FORECAST.

Program of National Senate at Coming Session.

Washington, Dec. 1.—No tariff legislation, no extra session, cautious legislation on trusts, and the passage of a Cuban reciprocity bill or treaty, is the program of the Senate leaders, according to Senator Perkins, who is a member of the steering committee and who has consulted many colleagues on the Senatorial program.

"If a suitable bill can be framed for the regulation of the trust," said Perkins tonight, "I am convinced that a majority in the Senate will favor it. But there is strong opposition to tariff legislation, either now or at an extra session. Unless there is greater demand than is now apparent, the whole tariff question will go over until next December, at the earliest."

"Regarding Cuban reciprocity, I must say that the prospects favor the passage of a bill granting a 20 per cent reduction on Cuban products or a ratification of the treaty carrying out the same ends. While Senator Elkins and one or two others declare they are insurgents as ever, I fail to find the strong front that was presented last session, and with the pressure of the Administration so long exerted it is plain to me that something must give way. If too much is asked the opposition may develop, but if the President is content with a 20 per cent reduction he probably will get it."

CANNON'S ELECTION SURE.

Dalzell Draws Out of the Race for the Speaker's Gavel.

Washington, Dec. 2.—Representative Dalzell of Pennsylvania has withdrawn from the contest for the Speakership of the next House in favor of Representative Cannon of Illinois, who has been endorsed for that office by the Pennsylvania delegation in the House. This practically assures Mr. Cannon's unanimous election for Speaker in the Republican caucus.

Dalzell's announcement and the subsequent action of the delegates took place at a dinner given by Senator Penrose tonight at the new Willard Hotel, at which were present Senator Quay and the members-elect from Pennsylvania in the House.

At a meeting of the New York delegation in the House today it was unanimously decided to support Representative Cannon for Speaker.

TO PREVENT CROUP, begin in time. The first symptom is hoarseness; this is soon followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given, all tendency to croup will soon disappear. Even after the croupy cough has developed, it will prevent the attack. There is no danger in giving this remedy as it contains nothing injurious. It always cures and cures quickly. The Hilo Drug Store sells it.
